

**IN THE SPECIFICATION:**

On page 5, lines 34-37, please delete "Fig. 1 shows . . . prior art methods;" and insert --

Fig. 1 shows isometric contour maps of DNA content versus DNA strand break labeling for apoptotic cells; the left-hand panel of Fig. 1a shows the label achieved by the present invention which is contrasted with labeling produced by two alternative methods; Fig. 1b shows labeling produced by two additional alternative methods;--;

On page 6, line 1, after "shows" insert --flow cytometry measurements of--;

line 4, after "synthesis" delete "." and insert --; Fig 2a shows results following ultraviolet irradiation; Fig 2b shows results from cells that received no ultraviolet irradiation.--;

following Fig. 2 please insert --Fig 3 the same experiment as shown in Fig. 2 measured by a Laser Scanning Cytometer; Fig. 3a shows results following ultraviolet irradiation; Fig. 3b shows results from cells that received no ultraviolet irradiation.--;

On page 17, line 1, following "try" please insert --(Figs. 2a and 2b)--;

line 2 following "Inc.)" please insert --(Figs. 3a and 3b)--.
